

GroupSelect

0) Copy and paste the data from PoliticalCandidate.txt

1) Display the records in the candidate table such that first name, last name and dob appear as one single column with a column alias named (full information). Place a comma as a separator between each field. Also make sure that you upper case the first letter of both the first and last name. (Use the concat function or the || symbols)

e.g. John,James,01 Feb 90

```
SELECT INITCAP(fname) || ', ' || INITCAP(lname) || ', ' || dob AS "Full Information" FROM candidate;
```

```
SQL> SELECT INITCAP(fname) || ', ' || INITCAP(lname) || ', ' || dob AS "Full Information" FROM candidate;
```

 Select all rows   Save as: CSV
