

Assignment 10 - Discussion Material submission

Due Sunday by 11:59pm

Points 25

Submitting a file upload

Available Jun 30 at 12am - Jul 11 at 11:59pm **12 days**

File Types pdf

- Assignment 10 - Discussion Material submission
 - Information
 - Discussion screenshots
 - Group Meeting: Sunday (2021/06/06) 1:45pm - 3:20pm
 - Next Meeting (2021/06/13)
 - The Agenda (2021/06/06)
 - Meeting Notes (2021/06/06)
 - Introductions
 - Matt M
 - Dominic Nance
 - Belle Nguyen
 - Sharon Fitzpatrick
 - Jarod Castillo
 - Mohammed Msallam
 - Yared [yar-ed]
 - Daisy Le
 - Establish a workflow
 - Establish roles or how to "manage" our team
 - Group Project Ideas
 - Belle Project Idea
 - Dominic Project Idea
 - Sharon Project Idea
 - Matt Project Idea
 - Group Laugh Touch Point Meeting: Wednesday (2021/06/09) 7:40pm - 9:00pm
 - Meeting attendees
 - Agenda
 - Roomate Finder
 - Problem Statement
 - User Story
 - Users and stakeholders
 - Actions
 - Assumptions
 - 6 Create a list of TWO assumptions on scope, cost and schedule that will prevent you from doing things that are not needed and prevent you from following a risky path. Scope, cost and schedule form the traditional constraint triangle. (5+5 points)
 - 7 Come up with TWO simple techniques how you will adapt the new Agile triangle (Value, Quality and traditional constraints) instead of the scope, cost, traditional constraint triangle alone. Give ONE specific example each of what you will focus on for Value and Quality and also

the traditional constraint triangle. Give ONE example for Value and ONE example for Quality.

(5+5 points)

- Minimum Viable Product
- What are must haves
- Goals and objectives

Information

Dear students,

You can provide any material related to your discussions. It may be screen shots of discussions and such. Please turn in a PDF file.

Best wishes,

Jagan

Assingment for presentation due date

changed?

A screenshot of a digital assignment submission interface. At the top, it says "Assignment Details". Below that, there's a description: "In-class or recorded PowerPoint presentation on team project". Under "Status", it says "Not Submitted". The "Due" date is listed as "Jul 7 at 11:59 PM". A red arrow points to this due date. Further down, there are sections for "Submission Type" (File Upload), "Submission & Rubric", and a "Description" which includes instructions for students to submit their PowerPoint presentations.

Matt Tran 06/30/2021

@Mohammed

A screenshot of a Windows Start Menu search results window. The search term "Voice Recorder" has been entered. The results are displayed in two columns. The first column shows "Best match" and "Apps", listing "Voice Recorder" (App) as the top result. The second column shows "Search the web" and "Documents (15+)", with "record - See web results" being the top result. To the right of the search results, a context menu is open over the "Voice Recorder" app entry, with a large red circle highlighting the "Open" option. Other options in the menu include "Pin to Start", "Pin to taskbar", "App settings", "Rate and review", "Share", and "Uninstall".

Matt Tran 07/07/2021

Sorry guys I don't think I can finish a static

website for our group thing. Not sure how it fits into our thing or show it off

Matt Tran 07/07/2021

The screenshot shows a mobile phone interface with a blue header bar. Below the header, there's a navigation bar with icons for back, discussions, and more. The main content area contains text about a final exam. A red box highlights a section of the text:

Final will be available from 5am on July 7th until 11:59pm July 11th. You can start...
Dear students,
Your Final will open up on July 7th at 5am. You have until July 11th 11:59pm to complete the exam. Once you start the exam, you have about 120 minutes to complete the exam.
Your schedule has strictly 120 minutes from the time you start the exam. You have additional 15 minutes to wrap up. So you have a total of 135 minutes including the wrap-up time. If you do not wrap up and hit the submit button well before time, you may be subject to lose all your work.
This exam is recorded like a quiz. You can get started at any time between 07/07/21 and 07/11/21. Do not hit the submit button unless you are sure that you had completed answering the quiz. Canvas auto-saves every answer.
This is an individual test, hence no discussion or sharing of questions or answers with other students, or anyone else is allowed except with the instructor.

At the bottom of the screen, there are several small icons: Home, Courses, Tools, Notifications, and Help. Below these icons are three small circular icons with arrows pointing left, right, and up-right.

**Matt M. (he/him/his)** 06/05/2021
kudos @Sharon

Message could not be loaded.

**Matt M. (he/him/his)** 06/04/2021
Love the idea and I already have something
that leverages your idea. I'll share it in our
meeting and do a demonstration for it.**Matt M. (he/him/his)** 06/04/2021
To respect everyone's time I try to avoid
"long meetings" (anything longer than 1
hour) and to have a productive meeting, so
as a final time and date how'd y'all feel
about:**Sunday (6/6/21) from 1:45pm - 3:00pm?**

(edited)

Message could not be loaded.

**Matt M. (he/him/his)** 06/03/2021
just to make sure 12:00 PM to 1:00 PM OR
7:00PM-8:00PM/8:00PM-9:00PM? (edited)**Matt M. (he/him/his)** 06/03/2021
Sunday is good; however, I believe
@Mohammed can only do Jun 6, SUN,
12:00 PM to 1:00 PM and isn't available for
7:00PM-8:00PM/8:00PM-9:00PM....**I still have not heard back from Yared
Engida**, so I don't know their availability or
status in class.I'd like to have as many people in this
meeting and be inclusive, so if we can't do
12:00 PM to 1:00 PM on Sunday we'll just

need to fill in @Mohammed what went down; otherwise, we just need Yared Engida for our meeting.

TL;DR

1. @Mohammed can only do Jun 6, SUN, 12:00 PM to 1:00 PM
2. As a majority if we can't do Jun 6, SUN, 12:00 PM to 1:00 PM; then, we just need to follow up with @Mohammed and/or Yared Engida let them know what we decided to go with
3. I still have not heard back from Yared Engida and don't know their status in class or availability (edited)

 Matt M. (he/him/his) 06/03/2021
06/03 POLL UPDATE FOR PROJECT PLANNING
@Mohammed @daisy @Belle Nguyen
@Jarod @Dominic Nance (he/him/his)
@Sharon

Good afternoon team 😊

The dates and times below has, the most votes, 5 votes each.

If you have not voted yet in the poll please do so here before end of day 06/03 at

11:59PM:

https://doodle.com/poll/ntkmfwmivh7a23wz?utm_source=poll&utm_medium=link

We need a tie with your vote! If there is no tie breaker date I'll run a random number generator to pick one for us.

We would like to have everyone's input to what kind of project we all can vibe with; for, we can have a shared goal to pour our time and effort into making our project a work of love rather than tedious labor.

Has anyone been able to reach out to or have contact with Yared Engida? I don't think they are aware of the Discord or the poll. I've sent out an email, but have not heard back from them yet.

Group Meeting: Sunday (2021/06/06) 1:45pm - 3:20pm

Mohammed

Yared Engida

Next Meeting (2021/06/13)

1. Decide our product (Project Idea)
2. Case Studies
3. Finalize meeting times

The Agenda (2021/06/06)

For today's meeting

1. Do a quick formal introduction

- Name
- Technical skills (programming languages or framework)
- Your general availability 
- Your favorite pass time 
- Favorite fruit 

2. Establish a workflow

- Preferred means of contact (Discord/email/text/smoke signals)
- How do we report work accomplished, work assigned, where is the work held/saved on
- Share email for shared Google Calendar

3. Establish roles or how to "manage" our team

4. Set up an agreed reoccurring meeting schedule or make a workflow so have "dynamic" meetings

5. Assign some ARs (Action Ready) AKA tasks for next meeting/assignment

6. end of meeting

Meeting Notes (2021/06/06)

Introductions

Matt M

- Technical skills (programming languages or framework)
- Your general availability 
- Watching anime, playing with Raspberry Pi, playing board/card games
- Durian

Dominic Nance

- Scrum, Java, C
- Monday, Wed after 5; generally free
- Like some anime and do some programming on the side
- Strawberries

Belle Nguyen

- Python, Java, HTML :)
- Generally available
- Card game tor (Digimon)
- Tangerines

Sharon Fitzpatrick

- Python, CPP, Java, JS, React, Node
- After 5PM
- Watercolor, hiking

- Watermelon

Jarod Castillo

- JS, Dart, CPP, Python, and yeah
- Friday, Sat, Sun, afternoon, tues and thurs
- Gaming, Composes music
- The Orange honeydew (cantaloupe)

Mohammed Msallam

- Java, C, Swift
- Sunday (morning 12-3)
- News, trading
- Blueberries

Yared [yar-ed]

- Java, C, HTML
- Monday - Friday (after 5:30)
- The NAPPING KING :)
- Oranges

Daisy Le

- Web dev (HTML, CSS, Javascript)
- Friday to Sunday (11am-4pm)
 - Tues (4pm - 9pm)
- Love sleep, games
- Mango, advocados, bannanas

Establish a workflow

- Preferred means of contact (Discord/email/text/smoke signals)
 - Discord, Email
 - Meetings done via Zoom
- How do we report work accomplished, work assigned, where is the work held/saved on
 - Atlassian JIRA (as the means to do work)
- Share email for shared Google Calendar

Establish roles or how to "manage" our team

Dynamic team roles

Group Project Ideas

- WHAT DO YOU WANT?! (the app for hungry gal-pals)
- Roomate Finder

- Budget tracker

Belle Project Idea

1. Software: Roomate Finder
2. Software: Pen-pal gift exchanger
3. Software: Product-scraper (in-stock, price match, make and model)
4. Software: Damage output calculator (BIGGGUST NHUMMMBUHHHH)
 1. Team composition
5. Software: ~~WHAT DO YOU WANT?!~~ (the app for hungry gal-pals)
6. Anime suggestion/recommendation (myAnime list?)

Dominic Project Idea

1. Password Manager
2. Food expiration app (database)
3. Budget tracker
4. Movie Showings app
5. Kids Coding (block coding: like Scratch)

Sharon Project Idea

1. Food/cooking/recipe sharing/social app
2. Calorie counter app
3. Availability app

Matt Project Idea

1. Tom Nooks Store
2. Pokedex (Python image recognition)

Group Laugh Touch Point Meeting: Wednesday (2021/06/09) 7:40pm - 9:00pm

Meeting attendees

- Belle Nguyen
- Daisy Le
- Dominic Nance
- Jarod Castillo
- Matthew Mendoza
- Mohammed Msallam
- Sharon Fitzpatrick
- Yared Engida

Agenda

- Opens (agenda topics/AR's completed/blocks/holds/questions/status updates)
 - Belle Nguyen

- Daisy Le
- Dominic Nance
- Jarod Castillo
- Matthew Mendoza
- Mohammed Msallam
- Sharon Fitzpatrick
- Yared Engida

Roomate Finder

Problem Statement

People need a way to find roomates in a certain location and price range

User Story

Users and stakeholders

Users	Steakholders
Potential roomates (renter)	Real estate
	College students
	Homeowners
homeowner	Young adults

Actions

1. Create profile (all users) 2x
 1. One for house
 2. House to rent
2. Search for house → roommate
 1. Search for rentee

Assumptions

1. Assume users enters correct info: location, name, ect.
2. Assume there are "enough" users
3. Assume age
4. Assume homeowner
5. Assume they are following the End-user license agreement (EULA)
6. Assume user remembers username and password

6 Create a list of TWO assumptions on scope, cost and schedule that will prevent you from doing things that are not needed and prevent you from following a risky path. Scope, cost and schedule form the traditional constraint triangle. (5+5 points)

Scope	Cost	Schedule
Uneven split of rentee	No user sign-up cost	
	Revenue generated by ADs	
	Boost! (for money)	

Assume Users

7 Come up with TWO simple techniques how you will adapt the new Agile triangle (Value, Quality and traditional constraints) instead of the scope, cost, traditional constraint triangle alone. Give ONE specific example each of what you will focus on for Value and Quality and also the traditional constraint triangle. Give ONE example for Value and ONE example for Quality. (5+5 points)

Value	Quality	Constraints
Uneven split of rentee	No user sign-up cost	
	Revenue generated by ADs	
	Boost! (for money)	

Assume Users

Minimum Viable Product

Mobile app

- Location
- Profile
- Search for profile, location, price range
 - Search location shows people in location
- Login
 - Username
 - Password

What are must haves

- Location
- Profile
 - Destination Location
 - Name
 - Interest?
 - Bio?
 - Price range
 - Picture of indoor/floor plan
 - Credit rating
 - Swipe left/right
- Chat (like to have)

- Push notification (like to have)
- Security
 - Block feature
 - Share general location not specific location
 - Prevent bots
 - verification (Send ID pic + real photo)
- Credit history feature (like to have)
- Rate yo'mate® (like to have)

Goals and objectives

Goal (Long Term)	Objective (How)
Connect roomates	create app to match viable roomates together based on location and price range
